Who are we raising money for?

Tafiq Hawari / WaterAid

WaterAid is an international not-for-profit with one goal: to change the world through water.

Along with decent toilets and good hygiene, a reliable supply of clean water is essential for health, dignity and a life full of opportunity.

Childbirth is safer, children get the chance to grow up healthy and strong. Families thrive and whole communities are better prepared for our changing climate and whatever the future holds.

We work alongside communities worldwide setting up entire systems that deliver clean water, decent toilets and good hygiene for millions. And we get the people, policies and money in place to keep these systems working — and the water flowing for good. So that people have safe, reliable services that last.

Our work with communities, partners, allies and supporters has already meant millions of people can shape their own future with dignity and confidence.

To drive lasting change on a global scale and faster than ever, we get others to step up to play their part:

- Partnering with communities to build systems that work for them
- Connecting policy makers, experts, local partners and communities
- Innovating, learning, modelling solutions and sharing good practice
- Changing attitudes and behaviours
- Rallying support from people and organisations around the world
- Working with decision makers to scale up investment and accelerate progress

But there is still much work to be done. Today, 696 million people in the world — almost one in ten — don't have clean water close to home. Together, we can create a world where everyone, everywhere has access to life-saving clean water, decent toilets, and good hygiene.

By supporting this flagship event, your brand will be front and centre at one of South Australia's most anticipated charity galas, showcasing your commitment to social responsibility and community impact.
