OUR WHY

Sunwater Graduates are taking part in the WaterAid Winnovators design and fundraising challenge to help solve real water issues facing the people of Timor-Leste.

The WaterAid Program provides the opportunity to solve real-world problems while learning new skills.

HOW CAN YOU GET INVOLVED?

We've reached out to our professional networks to help us raise awareness about our program. Keep an eye out for events in your area for an opportunity to support our program.

A LITTLE GOES A LONG WAY

Can't get involved? Follow our fundraising efforts at the QR code above where you can donate directly to our team fundraising page.

I'm taking part in Winnovators 2023 to raise money for WaterAid. They're a great organisation that's trying to reach everyone, everywhere with clean water, decent toilets and good hygiene within a generation. Every dollar you contribute can make a real difference for the poorest and most marginalised people on earth. You can donate to my fundraising page at <https://lnkd.in/gGMr42B>
