- Alignment to the Solve challenge briefs to develop the best solution
- Follow the requirements stated on Page 2

Fund: what we're looking for

Judges will be considering:

- How the team delivered the event(s), including how the seed funding was used
- How plans and approaches were adapted where necessary
- How the wider community were engaged (public or colleagues)
- The total profit raised and return on investment
- Follow the requirements stated on Page 2

Tips

- Please do not exceed:
 - 1,000 words (this does not include appendices)
 - 5-minute video
 - 10 slides – title and end slides are not required
- If you choose to do a PowerPoint, please do not include animations, music, audio, embedded videos, or links.
- Remember: quantity does not equal quality! Teams that do more than one submission for each category do not necessarily do better.
